Sir,

Reference:-G.O.No.Ms.567 P.H., dated 10-3-32.

I have the honour to state that as the District Headquarters Hospital at Bellary has 116 beds with a daily average of 103.72 in-patients, it will be very difficult to arrange for the departmental purchase of articles of diet (except milk) and other hospital necessaries required for the hospital during 1932-33. The Superintendent applied for the appointment of a purveyor on Rs.20 to 25 per mensem, but in view of the present financial stringency, he has been requested to try and manage without a purveyor by getting one of the clerks of the combined offices of the District Medical Officer and

and the District Headquarters Hospital to attend to the departmental purchase of diet articles and maintenance of accounts under that item. This will certainly take sometime daily without any holidays to the clerk concerned. The departmental purchase system will however be tried for some time and a report will be forwarded to Government on receipt from the Superintendent.

I have the honour to be,

Sir,

Your most obedient servant,

Sir,

In continuation of this office letter to Government No. 127 Genl., dated 28th March 1932, I have the honour to forward herewith copy of letter dated 26th March 1932 received from the Superintendent, Government Headquarters Hospital, Bellary. In the circumstances reported by the Superintendent, I consider that at least a peon on Rs. 15/- per mensem is absolutely necessary for the purchase of diet articles departmentally and request therefore that the Government will be pleased to sanction urgently the temporary appointment of a peon on Rs. 15/- per mensem in the Headquarters Hospital, Bellary, for one year from or after.

after 1st April 1932.

2) If the appointment is sanctioned by Government, the peon's pay will be met from the budget for 1932-33 under "32-Medical".

I have the honour to be,

Sir,

Your most obedient servant,

Major-General I.M.S.,

Surgeon-General with the Government of Madras.

Copy of letter of the Superintendent, Government Headquarters Hospital, Bellary to the Personal Assistant to the Surgeon-General with the Government of Madras, C.R.No. 1529/31 dated 26th March 1932.

Purchase of diet articles departmentally - Reference my telegram dated 19th March 1932.

I assumed that the merchants from whom we purchased diet articles would undertake to deliver the goods daily at the Hospital, this, however, the merchants decline to do. In these circumstances it will be necessary to send a peon to the Bazaar to purchase and bring back the articles. As the only peon of the Hospital is neither sufficient nor competent to do this duty, I request that sanction be given to entertain a peon for the purpose. As the peon will have to keep an account of his purchases and have a certain amount of intelligence a higher grade pay will have to be given. I suggest Rs. 15/- a month be given. It is impossible to procure a suitable man on less than this.

The suggestion made in your letter that one of the clerks be deputed is not practicable, because, as has already been pointed to you and accepted by you in your letter No. 723-1-H., dated 2nd June 1931 there is necessity for an additional clerk for the amalgamated office even without this additional work.

~~The payment advance Rs. 150/- as requested in my letter No. 1529/32 dated 16th March 1932 may be sanctioned before the close of the month.~~

Finance (E.T.)

The tender for the supply of diet articles to the Govt. Headquarters Hospital, Bellary, was not accepted as the rates quoted were high. The articles have therefore to be purchased ~~locally~~ departmentally. In the circumstances stated on pages 3-4 C.F., it is subd. that the necessity for engaging a man for purchasing the articles may be accepted.

The minimum pay of a peon in the mufassal is only Rs. 12 and it does not appear that a departure from the standard scale should be made. And a peon on Rs. 15 p.m. sanctioned. Subd. that D.S.G. may be requested to sanction a temp. post of peon on Rs. 12 p.m. If necessary, the holder of this post may be employed in the (office and the) permanent peon ~~employed~~ used for making purchases of diet articles.

22. If however it is considered that a man

of the peon's class is not suitable for the work, Finance may perhaps agree to a temporary post on Rs. 15 pm. being sanctioned but with a different designation - e.g. 'purveyor'.

Please see the Finance note above. The Superintendent of the Head Quarters Hospital, Bellary, has stated that the only peon in the hospital is not competent to do the duty involved in the purchase of articles and that the person to be appointed should keep an account of his purchases and have a certain amount of intelligence. A "purveyor" on Rs. 15 per mensem may be sanctioned — vide the draft order as now amended.
